ABSTRACT

This volume cumulates the indexes that appear in the six bimonthly issues of "Resources in Vocational Education," volume 13, numbers 1 through 6, 1980. The cumulation is intended to be a companion volume to the individual issues of "Resources in Vocational Education," which contain the complete resumes of research, instructional, and other materials in vocational and technical education, and abstracts of funded research and development proposals. Three indexes are provided: subject, author, and institution. Each entry lists the title of the document and the ED (ERIC Document) number of the complete resume as it appears in the particular issue of "Resources in Vocational Education." Instructions for ordering individual documents are included at the back of this volume. (Editor/CT)

Foreword

Finding available information is a major task for researchers, teachers, administrators, and students. The National Center for Research in Vocational Education is dedicated to helping others find useful information.

Resources in Vocational Education is prepared by the National Center Clearinghouse at the National Center for Research in Vocational Education under a contract with the U.S. Department of Education, Office of Vocational and Adult Education. Included are abstracts of research, instructional, and other materials in vocational and technical education, and abstracts of funded proposals. The full text of most documents announced in *Resources in Vocational Education* is available in microfiche or paper copy from the ERIC Document Reproduction Service, and also in local ERIC microfiche collections.

We appreciate the contributions of state research coordinating units, curriculum coordinating centers, instructional materials laboratories, local school systems, colleges and universities, and professional associations. Members of the profession are encouraged to send instructional and research materials for possible inclusion in future issues of *Resources in Vocational Education.*

About This Index

A cumulation of indexes appearing in *Resources in Vocational Education* Volume 13, Number 1–6 during 1980, this index is intended as a companion to the individual issues of the journal, which contain complete resumes and indicate document availability.

Each entry in the subject, author, and institution indexes lists the title of the document and the ERIC document (ED) number. The searcher can use the ED number to locate the complete resume in individual issues of *Resources in Vocational Education*.

Instructions for ordering individual documents appear in each issue of *Resources in Vocational Education* and at the back of this index.

Editor:
Patricia Arthur

Subject Index

This index lists titles of documents under the major subject terms assigned to characterize their contents. The terms are taken from the *Thesaurus of ERIC Descriptors* and are in alphabetical order. As shown in the example, the accession number is displayed below and to the right of the title. Additional information about the document can be found under that number in the resume section. The symbol / / appearing after an accession number identifies a document that is not available from the ERIC Document Reproduction Service nor in the ERIC microfiche collection.
